

Save the date for: **Focus Academy**

A fun and challenging camp for gifted students

Monday-Friday - July 31-August 4, 2017 - 9am-12pm & 12:30pm-3:30pm

Minecraft, Mystery and Mythology (Entering Grades 3-8)

Explore technology and engineering through Minecraft. Learn the science behind CSI and crime solving. Or explore the stars, write your own myth and more. All these options will be offered in a challenge based program designed to be both fun and engaging for your gifted student.

Focus Academy includes:

- ⇒ A choice of classes for students in each age group
- ⇒ Full day and half day options
- ⇒ Breakfast and lunch
- ⇒ Classes focused on challenging each individual student
- ⇒ The opportunity to explore areas of interest and apply academic skills
- ⇒ A fun, creative environment to learn, teach and explore
- ⇒ Scholarships available for students eligible for free/reduced lunch

Look for more details and registration information coming in February 2017.
