

Our Students, Our Schools, Our Community

Our students and staff in Robbinsdale Area Schools are active, engaged and doing great things! To support our students, and the staff who work hard on their behalf every day, the Robbinsdale Area School Board voted unanimously to place a school funding request on the November 6, 2018 ballot.

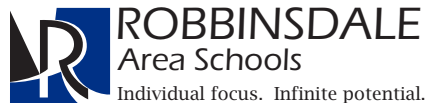

If voters approve the levy increase, it will support district efforts to:

- Maintain high quality academic and co-curricular programming for students
- Provide teachers with support for students' social-emotional needs
- Support teachers with professional development opportunities

Did you know?

State funding has not kept pace with increasing educational costs and needs. If state funding had kept pace with inflation for the past 15 years, the district would receive nearly \$620 more per student now than it does.

Robbinsdale Area Schools has one of the lowest voter-approved operating levies of neighboring and comparable school districts.
