

Robbinsdale Cooper High School Parent Academy

PARENTS AS OUR PARTNERS

Access to Higher Education

The Academy was designed to share and learn strategies and information with parents that will help them support their child's success in high school. This academy provides support for historically underrepresented families. It is imperative that we as a district work towards closing the racial achievement gap. The program academy consists of meeting once per week for seven weeks. We ensure that during these sessions there will be child care and food for our families.

A household/family that attends and completes all six sessions will receive a free PC (one PC per household/family).
